Subject: Becoming Independent awarded County of Sonoma shred contract

Hi Charlie,

Huge thanks to you and the Bothin Foundation for being early investors in Becoming Independent's shredding operation. I'm happy to report that this arm of our Social Enterprise Division is thriving! We've expanded the business to include mobile document destruction, and were recently awarded the County of Sonoma shredding contract:

We see huge potential in this rapidly expanding enterprise to generate both jobs for the people we support and revenue to help fuel supports that are far beyond the ordinary.

Thank you for being an early investor, and for believing in Becoming Independent. Hope your new year is off to a great start!

My best,
Lisa
